

Cruso is a Belgian furniture manufacturer, offering warm and playful furniture created by internationally renowned designers. The company has adopted an eco-friendly production process, using local and sustainable raw materials, manufacturing in Europe and employing land transportation as well as compact packaging solutions.

Cruso products are simple and welcoming. They have been designed for demanding everyday use and are perfect for cosy homes or professional environments.

BLOCK.

BY BIG-GAME

A storage system inspired by improvised shelves made of bricks and boards. The design is built on the simple combination of vertical steel modules and oak finished wood panels, providing a great deal of stability. Acting as small alcoves, the vertical modules offer additional storage space.

The easy-to-use aluminium sliding doors and its simple design make BLOCK the perfect solution for storage and display at home or at the office.

The BLOCK system can be wall mounted or used as a room partition solution.

DESIGN BY BIG-GAME

Augustin Scott de Martinville, Grégoire Jeanmonod and Elric Petit are BIG-GAME. The studio describes their work as simple, functional and optimistic. They design a variety of products and accessories for leading companies.

BIG-GAME's work is often accessible, charming and, above all, useful.

The studio has received numerous awards including the Swiss Design Award, the iF design award, the Wallpaper Design Award, the Good Design Award, the Hublot Design Award and Design Preis Schweiz.

BIG-GAME's works are part of the collections of the Museum fur Gestaltung, the Grand-Hornu Museum, the Centre Georges Pompidou as well as the MoMA.

The studio is based in Lausanne, Switzerland with a team of between five and seven people.

In addition to their design work, the three founders of BIG-GAME also serve as professors at ECAL / University of Arts and Design Lausanne.

BLOCK SHELVING SYSTEM

PRODUCT DESCRIPTION

Modular shelving system.
Modules and doors come in 2 colours.
Available in 2 lengths (118 cm, 214 cm)
Self-standing mounting : 1, 2 ou 3 levels / Wall mounting : up to 6 levels.
Package : each items comes in 1 or several flat pack, to be mounted.

MATERIALS

Shelf : Oak
Vertical module : Steel
Door : Aluminium

CHARTER OF ECOLOGICAL COMMITMENT

Cruso's objective is to constantly reduce its ecological footprint :

- . Designing durable and resistant products
- . Manufacturing in Europe
- . Reducing packaging and transport
- . Using sustainable materials

We want to offer the best design possible to our customers. It means having high quality standards for conception and production. That is why we care about working with talented industrial designers that share our philosophy. We make sure that their creations reach the market in the most responsible way possible. Our production process follows these simple rules : First, recycled or recyclable materials for both our products and their packaging. Secondly, European production and sourcing for limited CO2 emissions during transport.

As a young design brand, our duty is to deliver long-lasting furniture independently from trends. We believe in design simplicity and sustainable manufacturing.
