TPR9C

Since its beginnings in Argentina in 1958, BERSA has been manufacturing high quality firearms for people all over the world. Today, almost 65 years later, every 5 minutes, 365 days a year, somewhere on earth, a BERSA guns is sold. BERSA is the choice of law enforcement and civilians alike, providing an excellent product, with a lifetime warranty, at a value that is unmeasured. So, whether you are wanting to defend your home and your family, shoot in competitions, or just enjoy your time at the range, BERSA is the brand that “YOU CAN TRUST”.

THUNDER 380

Bersa's top-seller for a reason. Lightweight and compact; it fits neatly in your hand. It has an attached barrel for greater accuracy. And a thumb safety that works as a decocker so you can carry a round in the chamber safely with confidence. Its biggest feature? It performs like guns more than twice the price.

FEATURES

- 1 3-dot sight system for the perfect sight picture
- 2 Combat-style trigger guard accommodates gloves or two-handed grip
- 3 Extended slide release that's smoother and easier to operate
- 4 Micro-polished bore with sharp, deep rifling for greater accuracy
- 5 Extended finger rest magazine bottom for comfort
- 6 Decocker for safer concealed carry
- 7 Integral locking system for the ultimate in safety
- 8 Lifetime service contract for original owner

BAR15

After years of planning and listening to requests from military and law enforcement personnel throughout Argentina, Bersa is very excited to announce the new line of BAR rifles and pistols, proudly being made in the USA in our new facility in Kennesaw, Georgia. We have committed to manufacturing and producing higher quality AR rifles at an affordable price point. Just like with all Bersa products made for the last 65 years, the line of BAR products continues to deliver Exceptional value without compromise. If you are looking for a better rifle, at a better price, look no further.

FEATURES

- 1

Available in 16" rifle version and 7.5" pistol version
- 2

30 round magazine capacity
- 3

1:7 twist
- 4

Choice of Mission First Tactical or Magpul MOE furniture
- 5

Safety on left side of lower receiver
- 6

Custom handguard with M-Lok attachment points
- 7

Class III hard anodized finish

BAR9

With the enormous growth in popularity of pistol caliber carbines, Bersa has entered the market with it's new, USA made, BAR9. One of the most interesting aspects of the BAR9 is that it accepts the same magazine as our famous TPR9 and TPR9C pistols. This allows the user to carry two types of guns, a sidearms and an AR pistol and be able to effortlessly interchange the same magazine between them. This brings a new level of convenience to law enforcement and civilian uses equally. We have also put out a version of the BAR9 that accepts Glock style magazines for those who would prefer that option.

FEATURES

- 1

Available in versions that take Bersa TPR magazines or Glock Type magazines
- 2

30 round magazine capacity
- 3

1:10 twist
- 4

Mission First Tactical or furniture
- 5

KAW Valley XL Slim 9mm compensator
- 6

Safety on left side of lower receiver
- 7

Custom handguard with M-Lok attachment points
- 8

Class III hard anodized finish
