AUDIT DISCLAIMER

Brewlabs, a product arm of Healing Potion, provides paid due diligence in the form of audits for Binance Smart Chain, Ethereum and Matic tokenised projects within the cryptocurrency space. Before reading this audit report, we strongly encourage you to do your own research and ensure that you are only utilising the information provided as a secondary measure to help improve your decision-making. This audit will not protect you or your investment in any form and has only been created at the request of the token to provide general insight into the tokenised project. This audit does not serve as financial advice of any kind. Brewlabs cannot guarantee that any form of malicious or fraudulent acts such as exit scamming, liquidity removal or token sell off by team members will not occur. By reading this audit report, you understand that any information utilised by Brewlabs has been provided directly by the subject token. Brewlabs indemnifies itself from any misinformation provided by the subject token owners.

IMPORTANT: Cryptocurrency is considered a speculative market, always do your own research.

Dexioprotocol Integration

Dexigas (DXG) will be used as the in-game currency for the Dexioprotocol super gaming ecosystem. Players will be required to burn DXG to collect tokens, NFTs, and QR codes throughout the interconnected gaming metaverse.

External Market Risk

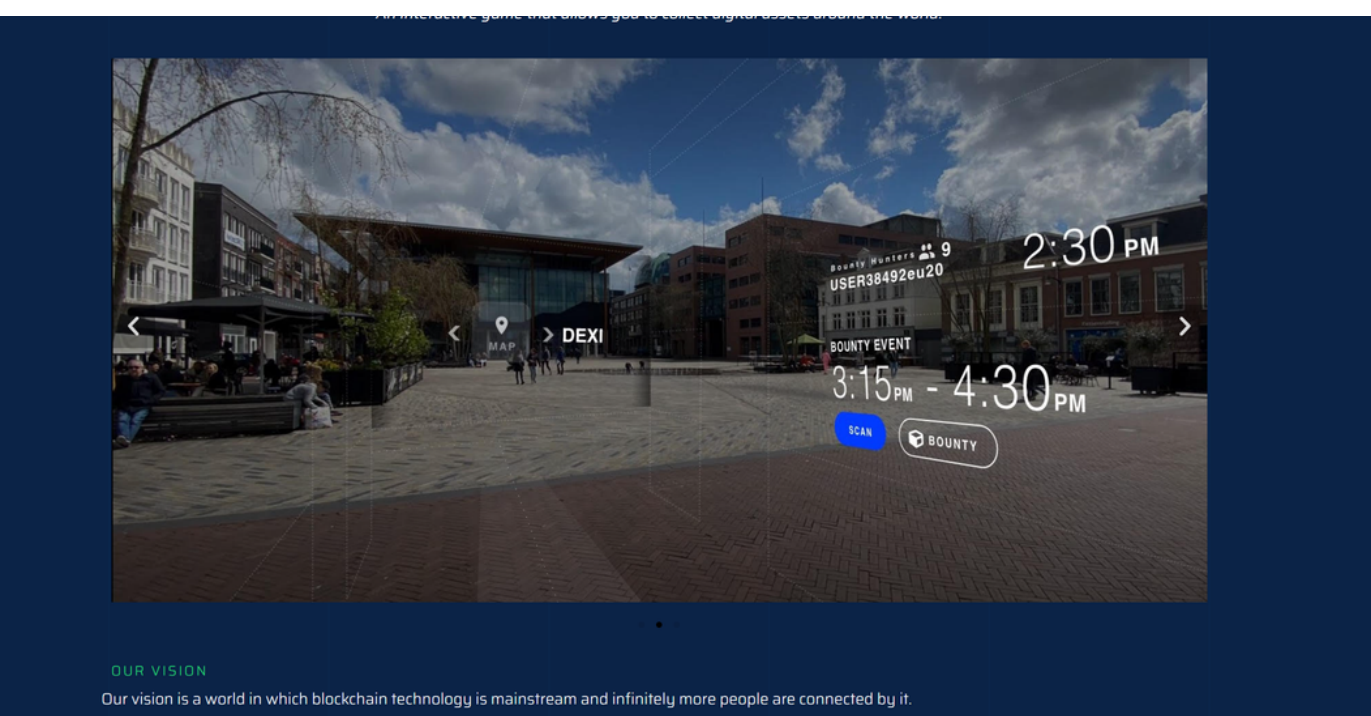

Such is the nature of any coin, token, or project within the speculative cryptocurrency market, external market risk is always present. External market risk can be defined as the volatility experienced within speculative markets.

Identified Risk Factors

- This contract can be locked and unlocked.
- This contract has a token mint function. It is recommended that the team are transparent for the mint function purposes and its execution.
- Augmented Reality Gaming can be considered cutting edge technology and therefore may result in development delays.
- DXG is critical component of the larger Dexioprotocol ecosystem and is reliant on the success of the DEXIO project as a whole.
- There is a price risk that DXG may exceed DEXI. Albeit an unlikely scenario effective price management of both tokens is recommended.

Website & Branding Synopsis

- ✓ Links to socials
- ✓ Website is registered for one year
- ✓ SSL Certificate: Issued by R3 valid from 05/07/2021
- ✓ Fluent and functional JavaScript
- ✓ Branding consistent, spell check, themed
- ✓ Mobile Friendly

1 Functional

The desktop and mobile versions of the website are functional. There were issues found with vertical return scroll.

2 Structured

The content of the website is consistent, providing the user with information about the key components of the Dexioprotocol project.

3 User Friendly

The desktop and mobile versions of the website are user-friendly. The site is autonomous in nature with a common vertical scroll direction.

Key Website Information

Team

The core team is visible.

The team is disclosed on the website however no links to social media/LinkedIn to confirm identities.

Whitepaper

A detailed whitepaper is available

There is a very detailed whitepaper available on the website.

Roadmap

There is a roadmap available

There is a basic road map available on the website.

dAPP

No dAPP functionality

There is no dAPP functionality on the website.

Social Media Platforms

Team engagement.

The team were found to be very active on several social platforms at the time of this audit.

Telegram

Team members present in the top 10 Telegram message statistics.

Twitter

The official Twitter account has posted 499 tweets and appears professional in nature.

Instagram

The team is active on their Instagram page.

YouTube

The official YouTube account has been active with regular uploads.

The team is disclosed

The Dexioprotocol/Dexigas team have disclosed images of their identity on their website.

Future Token Use Case

Dexioprotocol has constructed a use case around development of "Augmented Reality NFT Gaming."

9

Core Use

Dexioprotocol hope to establish their brand and tokenised economy as the industry standard for NFT powered augmented reality gaming.

Future vision is very ambitious for Dexioprotocol we strongly recommend the reader visits the [whitepaper here](#).

8

Development Resources

The team at Dexioprotocol include:

- 6 developers working as part of the project.
- 3 executive officers fulfilling the roles of networking, operations and technology.
- 1 chief executive officer who also falls into a developer role.

9

Other Use Cases

There are a number of alternative use cases for the DEXI token/project which include:

- DEXI Hunter
- DEXI Wallet
- DEXI MMORPG
- DEXI NFT Platform

Second to this, Dexioprotocol also hope to release their own proprietary blockchain powered by P.O.S. in 2022.
