~~JAMES SCOTT~~

BEST,

HARPER

www.harpercollins.com

"In *The Empathy Exams*, Leslie Jamison positions herself in one fraught subject position after the next: tourist in the suffering of others, guilt-ridden person of privilege, keenly intelligent observer distrustful of pure cleverness, reclamer and critic of female suffering, to name but a few. She does so in order to probe her endlessly important and difficult subject—empathy, for the self and for others—a subject this whirling collection of essays turns over rock after rock to explore. Its perambulations are wide-ranging; its attentiveness to self and others, careful and searching; its open heart, true."

—Maggie Nelson, author of
The Art of Cruelty: A Reckoning and Bluet

"Leslie Jamison writes with her whole heart and an unconfined intelligence, a combination that gives *The Empathy Exams*—an inquiry into modern ways and problems of feeling—a persuasive, often thrilling authority. These essays reach out for the world, seeking the extraordinary, the bizarre, the alone, the unfeeling, and finding always what is human."

—Michelle Orange, author of *This Is Running for Your Life*

"Brilliant. At times steel-cold or chili-hot, [Jamison] picks her way through a society that has lost its way, a voyeur of voyeurism. Here now comes the post-Sontag, post-modern American essay."

—Ed Vulliamy, author of *Amexica: War along the Borderline*

"When we chance upon a work and a writer who summons and dares the full tilt of all her volatile resources, intellectual and emotional, personal and historical, the effect is, well, disorienting, astonishing. 'We crash into wonder,' as she says, and the span of topics Jamison tosses up is correspondingly smashing and wondrous: medical actors, sentimentality, violence, plastic surgery, guilt, diseases, the Barkley Marathons, stylish 'ex-votos' for exemplary artists, incarceration, wounds, scars, fear, yearning, community, and the mutations of physical pain."

—Robert Polito, Judge, Graywolf Press Nonfiction Prize

HARPER PERENNIAL

NEW YORK • LONDON • TORONTO • SYDNEY • NEW DELHI • AUCKLAND

U.S. \$26.95
CAN. \$32.00

Book of Mormon the Great American
Decades before Melville and Twain
used their great works, a farmhand
seer named Joseph Smith unearthed a
book from a haunted hill in western
State that told of an epic history of
merica, a story about a family that fled
rusalem and took a boat to the New
ing his prophetic gift, Joseph trans-
mysterious book into English and
it under the title *The Book of Mormon*,
caused an immediate sensation, spark-
and violence, boycotts and hostility,
nd wonder, and it launched Joseph's
decades-long adventure across the
West.

The Book of Mormon, one of the most
scandalizing works of American literature,
to cause controversy—which is why
know very little about the story it tells.
einberg wants to change that. A non-
believer, Steinberg spent a year and
a personal quest, traveling the path
Joseph's epic. Starting in Jerusalem,
Book of Mormon opens with a bloody
einberg continued to the ruined Maya
entral America—the setting for most
Book of Mormon's ancient story—
gallivanting with a boisterous bus tour
s exploring Maya archaeological sites
ce. From there the journey took him
New York, where he participated in
Book of Mormon musical, the annual Hill
pageant. And finally Steinberg arrived
er of the American continent, Jackson
ssouri, the spot Joseph identified as
than the site of the Garden of Eden.

To Mary and June—
Love this store!

for Mary Fairlie
what a gift to
celebrate 60 years at
Newman Books!
Thank you for
creating a home for
literature in Newton.

"This bighearted yet brutally honest novel about finding love in the big city is a major eye-opener."
—Cosmopolitan

"If you ever wondered what that guy could have possibly been thinking (or been that guy and still found yourself without a clue), you'll probably laugh, scowl, and hide your eyes in equal measure as you page through this hilarious, smart-as-hell debut." —Emily Temple, *Flavorwire*

"Waldman takes a cliché and turns it on its ear."
—Julie Elliott, *Library Journal*

"*The Love Affairs of Nathaniel P.* is one of the most nuanced and precise portraits of the muddled male mind since Nick Hornby's *High Fidelity*."
—Teddy Wayne, author of
The Love Song of Jonny Valentine: A Novel

"Adelle Waldman writes about very twenty-first-century manners and sexual mores with a deep fluency of psychological intelligence reminiscent of a nineteenth-century classic."
—Benjamin Kunkel, author of *Indecision*

"Wow. What a psychologically astute and very, very witty novel."
—Rivka Galchen, author of *Atmospheric Disturbances* and *American Innovations*

"This former young-literary-man-in-Brooklyn found himself cringing in recognition."
—William Deresiewicz,
author of *A Jane Austen Education*

The Love Affairs of Nathaniel P.
